We'll be putting together a plan to get campaign yard signs out and coming up with our next action.

Neighbors of Mittal Steel is putting yard signs up in homes around Mittal to protest air pollution from the mill and increase citizen pressure. Northeast Ohio neighbors have sent 25,600 personal letters and petitions asking Mittal Steel to fix the problems. One hundred and sixteen Northeast Ohio medical professionals have sent letters to Mittal's Cleveland management. It's time to form a united community effort that the company cannot ignore. Come to share your input and to get involved. For questions please call Liz Ilg, Ohio Citizen Action Cleveland Program Director at 216.861.5200.

This is what the yard sign looks like. If you can't attend the meeting, but would like a yard sign, please contact Liz Ilg at (216) 861-5200.
